The figures prepared by Mr. Hunter display the theory of the opponents of the thickly populated townships than to the sparsely settled townships. In many instances the counties having a large population but a large area will receive twice as much as smaller counties having more than double the population.  
Under the allocation Bucks county is entitled to \$10,034.34; Montgomery, \$8,492.42; Northampton, \$6,058.45; Lehigh, \$6,324.21; Delaware, \$2,859.95; Chester, \$12,359.43.  
An entertainment will be given by Miss Violet Cosgrove, a graduate of the New College of Oratory, for the benefit of the physical culture class on Wednesday evening, March 2, in the Assembly room of the High school. Miss Cosgrove is one of the first young ladies who gave a recital for the benefit of the physical culture class. Her recital was very successful and whose results were greatly appreciated.  
On last Friday evening between 9 and 10 o'clock a trolley car on the Bristol and Morristown line struck a horse and wagon near Green Lane. The horse was badly injured and the wagon overturned without injury. William H. Murphy, of the local trolley office declares the company should be compensated for putting the animal out of its misery, as he declares a post mortem examination revealed that the horse was in the last stages of consumption and had all the complications that diseased horses are liable to.
